## DOKUMENTASI

# Muhammad Ridho Alfarod

11241060 Informatika Institut Teknologi Kalimantan

Perkenalkan Nama saya Muhammad Ridho Alfarod , saya Lahir di Balikpapan, 08 juni 2006 . Saya dari kecil sudah menyukai Keahlian dibidang Teknologi , dari ngoprek hp hingga komputer sudah menjadi kebiasaan saya waktu kecil, oleh karena itu saya melanjutkan studi di Institut Teknologi Kalimantan di program studi Informatika . Saya juga mengikuti lomba LKS IT Network System Administration dan mendapatkan juara 2 dan 3 tingkat Kota Balikpapan

**Network Engineers**

## Cloud Computing

## Cyber Security

Tempat belajar untuk calon praktisi dengan materi sesuai standar industri dan harga terjangkau.
